

Haiti Relief Drive

On behalf of the City of Hallandale Beach City Commission and entire City of Hallandale Beach, we would like to sincerely thank the entire Community for coming together and to those who contributed to Haiti Relief Drive. Due to the overwhelming collection worldwide, the City is suspending its collection of food, clothing and other items.

Once the initial assessment of donations is received and materialized, the City will resume collection of the items specifically needed for the Haitian people.

Our thoughts and prayers go out to the people of Haiti and their family and friends affected by this horrible tragedy.
